***Sutton Revenue Sharing Application Form FY 2016***

***Turn completed application in at the Sutton Public Library by noon on March 15, 2017.***

**Proposal Information:**

**Our recycling station, set to open on March 3, 2017, will be open the first Friday (2pm-5pm) and Saturday (10am-1pm) of each month. We are required, per our agreement with MSB, to have a trained volunteer on site anytime the station is open to accept material. The volunteer will be responsible to show up early to place signage on the main highway and open the containers for business, inspect recyclables to make sure they follow VCRS rules, and close the containers and collect signage at the end of the shift. In order to encourage regular reliable volunteers, I would like to propose compensating those that are willing to sign up, with \$50/shift.**

**I would also like to request placing recycling containers in the two stores in our community, similar to the one that is currently in our library. My plan would be to place signage about our program on or near these containers to bring awareness and encourage use, from both store customers and the businesses themselves. I have found a container on Amazon for \$129.00 + shipping (see attached printout).**

**We will also continue to need a small budget for printing and signage.**

**Who will benefit from the project:**

**The Sutton Community - This is a free service to the user and will eliminate the need to drive 20+ miles to recycle materials.**

**MSB - Recycling saves the borough \$ and space in solid waste management**
