Ryan,

Wow, I appreciate the work you folks have done. You certainly are welcome to organize a June cleanup in Sutton.

Facilities at Jonesville are limited to what we bring in such as porta-potties, washing stations, etc. We do

have access to meeting rooms here at the Sutton Public Library Resource Center, Alpine Inn and Sutton General Store if needed. I anticipate working with the Borough to provide dumpsters.

In the past, we've been stumped during cleanup week by not having lift equipment available when needed for heavy items like metal or wet carpet. We currently have funds in the Sutton Council's account if we need to rent something in June.

Thanks for your generous offer to help us, we definitely will keep in contact. I look forward to this event and let me know how we can help coordinate on this end.

Hello Ryan Brett,

Chris Spitzer here in Sutton who is on our Community Council mentioned you are interested in helping us do some cleanup in the Jonesville area. We certainly welcome any assistance.

Our spring cleanup scheduled dates are May 8th - 14th. 907Diesel Club got an early head start a couple weekends ago and did a fine job moving heavy junk at Jonesville. People are starting to take ownership of this area making a huge positive impact. Let me know what you think.

Thanks.

Mark Bertels
