Hi Folks, Had a long conversation with AST Captain Brinke the day before yesterday.

Captain Brinke has spent a considerable amount of time studying the Chickaloon Peace Officer controversy. He's very knowledgeable concerning the politics - and legal authority

Chickaloon

"Village" actually has. The AST/Chickaloon 'Memorandum of Understanding' specifically clarifies Chickaloon's limits.

Earl, Captain Brinke would like to review the court documents that

the
SCC received from "Chief" Gary
Harrison during our last meeting.
Could
you deliver those to Brinke with the
understanding of returning them
to us at a future date?

Thanks.

Mark
